CATCH22 STOKE & STAFFORDSHIRE

CSE and Missing Service

Our work

We work with children and young people who have gone missing from home or care, or who are at risk of Child Sexual Exploitation (CSE). We deliver bespoke support and interventions to children and young people to build resilience and aspiration, empowering them to take control of their lives and supporting them to stay safe.

CATCH22 STOKE & STAFFORDSHIRE

Missing from Home Service

Any child reported missing in Stoke-on-Trent or Staffordshire is automatically referred into Catch22. Our experienced staff go out to visit the child or young person to ensure that they are OK and their needs are being met. We aim to capture the voice of the child and listen to their views and feelings. In response to this intervention, we may make referrals into other services or undertake some bespoke support with the child.

CSE Service

Referrals into the Catch22 CSE service are made via the Risk Factor Matrix (RFM) available on the Local Safeguarding Children Board website. **Following the receipt of a RFM Catch22 offer:**

Direct work: flexible, evidence-based, longer term interventions adapted to the needs of each child to reduce risk and help them cope and recover from the impact of CSE.

Bespoke delivery: work with a professional to co-deliver part of a planned piece of work or direct support for the professional to deliver the work themselves.

Resource sharing: Catch22 has a range of resources that can be utilised by other professionals. We share these as appropriate and ensure that professionals are confident in their use.

Group work: Through mapping themes and trends, Catch22 may determine that group work within certain settings is required to tackle low-level risks.
